

Declaration of consent for data collection

Declaration of consent according to German law § 73 Chapter. 1b SGB V

I hereby grant,

Mr Mrs

Name, Surname

Date of birth

dd.mm.yyyy

- The practice Mohebi & Mikas may request treatment data concerning me and findings from other doctors and Service providers for the purpose of documentation and further treatments.
- The practice Mohebi & Mikas may pass on treatment data concerning me to other doctors and Service providers for the purpose of documentation and further treatments.

In the cas of a change of family doctors, I agree that my previos family doctor gives all documents stored about me to my new family doctor or that my new family doctor may request these documents from my previous family Doctor.

Declaration of consent for a video consultation

Participation in the video consultation is voluntary for me and the attending physician. I have been informed that the video consultation will be held in a closed room as to ensure appropriate privacy, data security and a Trouble-free process. At the beginning of the video consultation, an introduction of all persons present in the room must be made by both sides. Furthermore, I was informed that during the video consultation no personal data may be collected, stored and further processed. I assure that I do not record any recordings during the video consultation.

Declaration of consent for reminders for health and early detection examinations, vaccinations as well as to inform about threatening health situations.

I agreed that the practice of Mohebi & Mikas may contact me by telephone, SMS, e-mail, electronic messages or By post for the purpose of remembering health examinations, early detection examinations, vaccinations as well as for information on my personal protection in threatening health situations (like in the event of a pandemic).
